INTERESTS

Collaborative Learning, Human-Computer Interaction, Large Language Models Engineering

EDUCATION

Ewha Womans University — Seoul, South Korea

M.A. in Educational Technology — Mar. 2025 – Aug. 2026 (Expected)

- Total GPA: 4.0 / 4.0, Full-tuition Scholarship
- Thesis: "The Impact of Participatory Roles of Conversational Agents on Decision-Making in Controversial Issues" (Working Title)

B.A. in Educational Technology & B.S.E. in Software — Mar. 2021 – Feb. 2025

- Total GPA: 3.72 / 4.0, Summa cum Laude

RESEARCH EXPERIENCES

Interaction Design for Learning Lab — Seoul, South Korea

Department of Educational Technology, Ewha Womans University — Jan. 2024 – Present

Graduate Research Assistant (Advisor: Prof. Hyo-Jeong So)

- Developed rapid prototypes for game-based learning targeting AI ethics education
- Designed and conducted user studies to analyze learner interactions facilitated by the developed game-based learning prototypes

Learning Analytics for Prediction & Action Lab — Seoul, South Korea

Department of Educational Technology, Ewha Womans University — Summer 2021, 2022, 2023

Undergraduate Research Assistant (Advisor: Prof. Il-Hyun Jo)

- Collected participants' Area of Interest (AoI) data using Tobii Eye Tracking software and conducted Scanpath Trend Analysis (STA) with machine learning techniques
- Supported eye-tracking experiment operations by guiding participants and documenting experimental progress
- Co-published a research paper based on experimental findings
